

# Cellular Light Traps

## MODEL CLT

Manufactured from UV resistant PVC, the cellular shaped light traps block light but have low resistance to air flow. These units are designed for use at air inlets.

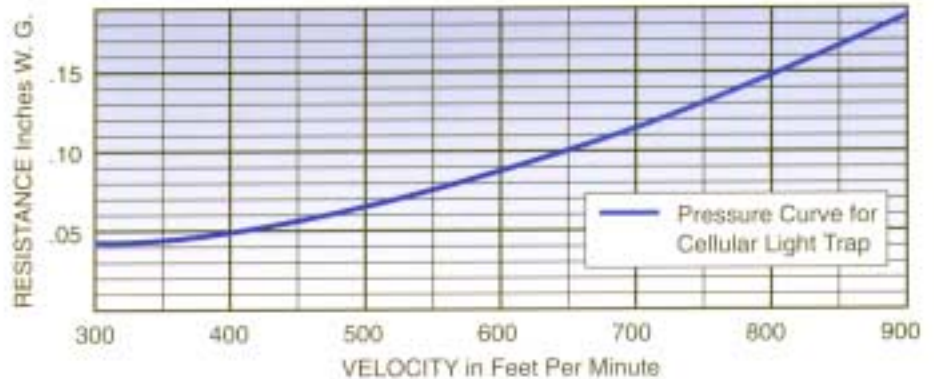

- High light reduction - for black-out housing
- Assembled packs - no assembly required
- PVC plastic dependable, UV resistant to stand up to sunlight and high temperatures
- Corrosion resistant for years of service
- Easy to install, lightweight

Cellular Design

12" Wide x 11" Deep Packs

*Note: Other light trap sizes are available. Contact your distributor for information.*
